Spring Seminar

Hi All,

Upcoming events: Please mark your calendars for the, Spring Seminar, golf tournament and Fall RRC course series. The RRC course series will be followed by the RRC Exam. As the Chapter is advocating this Roof Consulting designation, we require more individuals with this moniker to be able to fully accomplish this task.

The spring seminar will be divided into two sessions. The morning portion will be dedicated to exterior insulated wall assemblies. The afternoon portion will provide information on new RCABC requirements and difficult roofing details.

There will also be a panel discussion. The agenda is posted on the website.

We still have openings for our upcoming events. Registration and information are available online at our web site
www.rciwesterncanadachapter.org.

There is also room for those who want to sponsor the event and have a booth.

Lastly, we would like to embolden all members – Professional and Industry, to join us in continuing to build our great Association. Have a slow browse of our WEB site and see if there is a committee that resonates with you!

SPRING SEMINAR – June 2014

RCI Western Canada Chapter is pleased to be offering a spring seminar on June 9, 2014. There will be two half day seminars: the roof session will be on roofing standards and current industry problems, and the wall session will be on exterior insulated wall assemblies.

The event will be at the Italian Cultural Centre in Vancouver, BC.

The agenda with the list of speakers and topics is available on our website.

REGISTRATION – To be online

RRC Examination and Course Series

RCI Western Canada Chapter is pleased to be offering our second RRC examination and teaching program on November 7 and 8, 2014. We would encourage all those seeking to upgrade their skills to an even higher and more professional level to undertake this challenging endeavor. The Western Canada Chapter is continuing its ongoing mission to advocate all designation offered by our association, but we require more RRC's to accomplish our long-term goal of raising the Roof Consultant's bar one notch higher.

All Information regarding the registration requirements is available on line with the National Association. Should you wish more personal information or background, please do not hesitate in contacting WCC online, we will put you in touch with a local Chapter RRC.
