March 10-15 2016 Orlando FL

CONGRATULATIONS to RCIWCC Industry Apprenticeship Award
Winners (Fall & Winter 2015)

Welcome to (Late) Winter 2016 !

HAPPY NEW YEARS!

First off your board members at RCIWCC would like to wish a Happy 2016 to all the members. A number of little birds have been seen flying in and out of building envelopes and have been overheard telling people that it is going to be a busy year! Multiple projects are in the wings just waiting to get started so we need to make sure we have a good supply of pencils and our sharpeners are in good working order.

A MESSAGE FROM THE PRESIDENT

To all RCIWCC Members,

I wish you all a Happy New Year. Health and success for all. We had a very good year in 2015. Our education committee organized strong seminars and we have now the capacity to present our seminars via the Internet (webinars). Our golf tournament was also again a success. Our Chapter made several donations (scholarships) to organizations such as the RCABC and BCIT and we plan to do the same in 2016. We also plan to make a donation to the BCIT Canada Foundation in 2016.

Our board has several ideas that we will try to implement in 2016. We encourage all members to participate in our Chapter by helping in our committees, attending seminars and providing feedback or ideas through emails or our website. It is crucial for all of us to work together to make the roofing, building envelope and building science a stronger industry moving forward.

Sincerely,
Guillaume Vadeboncoeur, P.Eng, LEED AP
President, RCIWCC

Alp Oztan - RDW 1

Andrew de Waal-Malefyt - RDW 2

**REGISTER NOW FOR THE
RCIWCC 2016 SEMINAR TRADESHOW & AGM**

Register yourself and your colleagues for the upcoming

2016 Seminar TRADESHOW & AGM

Friday, February 5th, 2016
8am-5pm
Italian Cultural Centre

Always and exciting and informative event featuring seminars on:

- The Mysterious Art of Shingle Installation
- Wind Uplift and the CAN/CSA A 123.4
- Cedar Shakes and Shingles 101
- Fall Protection Requirements – Quality Assurance and the Role of the Design Authority

Please also take the time to support the sponsors of our event and visit each of them at the industry **Tradeshow**.

These events would not be possible without their generous support!

Qualifies for 5 CEH's. Register on line at:

<http://www.rciwesterncanada.org/rci-western-canada-chapter-agm-and-conference/>

**Industry Apprenticeship Award
Winners (Fall & Winter 2015)
(continued)**

Corey Woudwyk - RDW 3

Harpreet Sing - RDW 2

John McCrea - ASM 3

“The mission of RCI is to ensure the credibility of the roofing, waterproofing, and building envelope consulting professions.”

RRC & RRO Examination and Course Series

The Western Canada Chapter is continuing its ongoing mission to advocate all designation offered by our association, but we require more RRC's to accomplish our long-term goal of raising the Roof Consultant's bar one notch higher.

All Information regarding the registration requirements is available on line with the National Association. Should you wish more personal information or background, please do not hesitate in contacting WCC online, we will put you in touch with a local Chapter RRC.

We had a number of inquiries at our booth at RoofTech regarding upcoming RRO exams.

The RRO exam is available online at over 1,000 conveniently located testing centers worldwide. Once applications are submitted to RCI, allow 90 days for processing. Applications will be processed within 60 days for an additional expediting fee (\$50 member/\$75 nonmember). An exam registration form will be provided to the candidate when the application has been approved. Once the registration form and exam fee have been received, the candidate's information will be conveyed to Castle Worldwide, the Internet-based testing company. The applicant will then be contacted by Castle to schedule the testing session.

Online testing is offered on demand, to approved candidates, based on individual testing center hours and availability. Consult <http://www.castleworldwide.com/mainsite/ibtsites> for testing center locations.

For more information, consult the RRO Application. [Download an RRO Application](#) (.pdf).
